

How to install QSTMoblie and create a free two-week trial

In order to install the application you have to access App Store from your iPhone or iTunes and search for our application QSTMoblie. If you successfully installed the application an icon will appear on you iPhone as you can see in the images below.

After you have installed the application you must create a free account. To do that you either launch QSTMobility on your phone and click on the “Get Free Trial” link on the login page or follow this link

m.qstme.com/trial

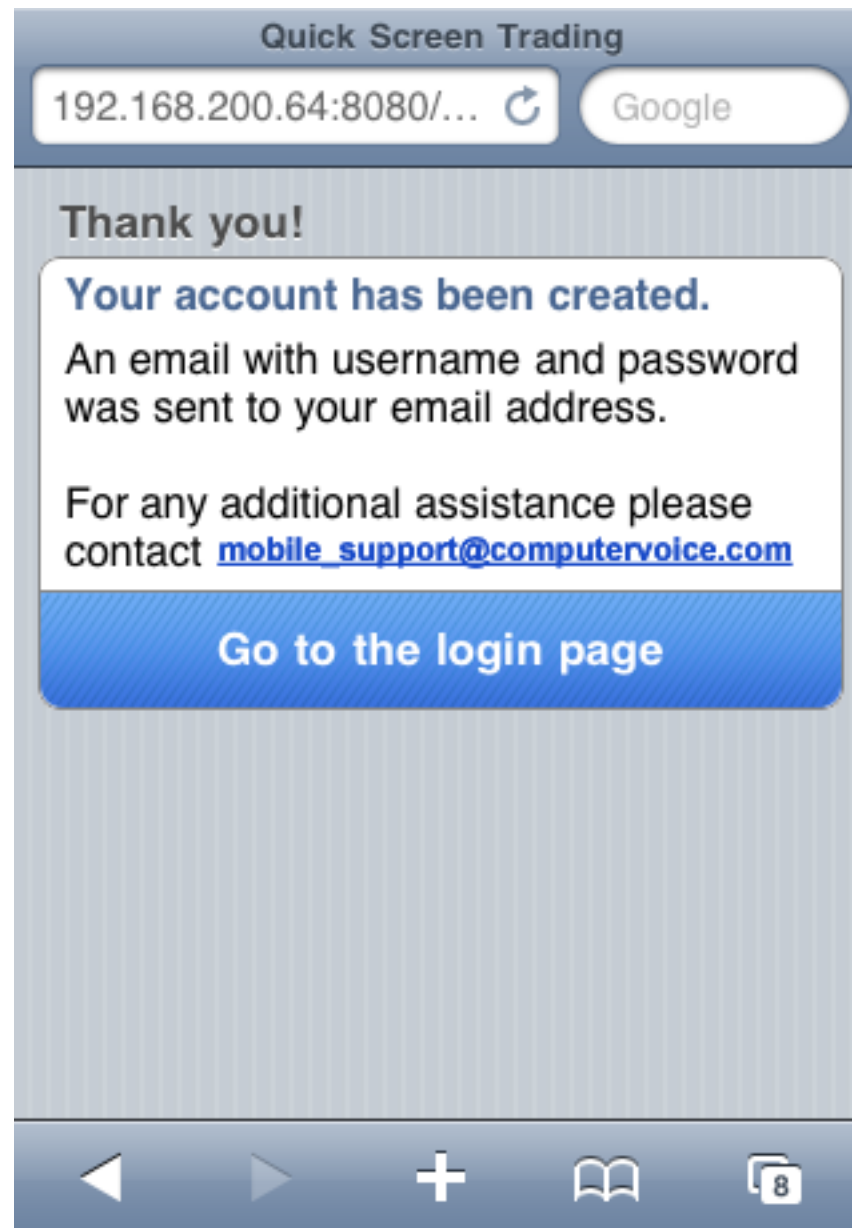

- you must fill all the yellow fields (as you can see in the images below)
- once you have filled in the form tap the “Submit” button

The screenshot shows the 'Quick Screen Trading' mobile application interface. At the top, there is a browser-style address bar with a refresh icon and a search bar containing the text 'Google'. Below this is a section titled 'Personal Information'. It features the QST logo, which consists of a red 'Q', a blue 'S', and a blue 'T' with a blue arrow pointing from the 'S' to the 'T'. Below the logo, the text reads 'Quick Screen Trading' and 'The Ultimate Trading Tool'. A white box with a blue border contains the instruction: 'Fill in the form below' and 'Yellow fields must be provided.' Below this instruction are three yellow input fields. The first two are labeled 'First Name' and 'Last Name', both with the placeholder text 'type here'. The third field is partially visible at the bottom. At the very bottom of the screen is a navigation bar with icons for back, forward, home, and a notification icon showing the number '8'.

- if you successfully created the account you will get a confirmation message as you can see in the image below
- check your e-mail for your username and password, you will use this username and password to login into the application.

How to use the application

After you log in, you are automatically redirected to the **Quotes** section.

This is where you can view information about various quotes, set up several pages for different kinds of contracts, open charts etc.

In this module, you can insert different kinds of contracts. You can monitor exchange defined **strategies** like (ESZ10:H11), **options** contracts and, of course, **futures** contracts.

To start entering contracts, press the “**Edit**” button on the upper left corner of the screen. This will lead you to a new screen that will allow you to enter contracts. Please see the list below for contracts symbols that you can use:

- ES
- EC
- CL
- C
- PB
- ECL
- ZC
